

Callus? "Gets-It" Will Peel It Off

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery, and the same nature as a corn. "Gets-It" removes it as easily as it does the toughest corn.

By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece, just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "packages" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns.

"Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Manufactured by E. Lawrence & Co., Chicago, Ill.

Sold in Norwich and recommended as the world's best corn remedy by Chas. Osgood.

The "Gets-It" and Dope, Free with Corns

as easily as it does the toughest corn. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece, just as you would a banana peel. Umbrellas and self-respect when lost are seldom regained.

PERSONALS

Mr. and Mrs. John Wolfe, Miss Miriam Grover and Archie Talt motored to Ashaway, R. I., Sunday.

Miss Madeline Kelley returned Sunday afternoon after spending the week end with relatives in Ashaway, R. I.

The many friends of Mrs. Franklin Brown will be sorry to learn of her illness at her deplorable and would chafe asking that President Robert W. Perkins of the trolley road meet again with a committee of the men in further discussion of the strike situation. Up to Monday night the petition had not yet been presented to Mr. Perkins.

Many of the business men have signed but some have not, and as explained by one of the trolley men, the refusal of some to sign that was a moving cause in the proposition before the Central Labor Union to carry out a sympathetic strike. It was figured to put this pressure upon the non-signers for the refusal to add the weight of their signatures to the pressure that the petition was meant to exert upon President Perkins.

P. J. Rooney of Worcester, who had been active as a national representative of the trolley men in the earlier days of the strike, was again in the city Friday morning and in the afternoon a statement was issued, signed by him.

Mr. and Mrs. Curran of Norwich have been called to New Haven by the death of her mother, Mrs. Patrick Curran. Burial is to be in Willimantic.

George Peck and son Crosby of Norwich were in Winchester, guests of Mr. T. D. Perkins, Monday. E. T. Peck accompanied them to Norwich.

Miss Harriet M. Allen, a niece of Mr. and Mrs. Henry C. Fuller, of New London, has arrived in this country after spending several years in China, as dean of Hackett Medical college.

Rev. Dr. William H. Bath of Norwich, the new district superintendent preaching at the M. C. church, will be in R. I. Sunday morning, having held the quarterly conference there Saturday evening.

Mr. and Mrs. C. Whitman, accompanied by their son and daughter, baby, motored from East Lyme and spent the week-end with their relatives, Mr. and Mrs. A. W. Bradley and family at Central Village.

ATTEMPT TO WRECK WILLIMANTIC TROLLEY CAR (Special to The Bulletin)

Willimantic, Sept. 29.—Three large rocks, one of which weighed all of two hundred pounds, placed on the tracks of the Shore Line company late Monday afternoon about half way across the long stretch between Willimantic and South Windham, to accomplish what they apparently were intended to do.

The north bound trolley that was to arrive in this city at 8:05 o'clock Monday afternoon had left South Windham and was rolling toward Willimantic at a fast rate of speed which is necessary to bring the car in on time when Motorman Leslie, who was running the car saw what he thought was three stones on the tracks ahead.

At the speed he was traveling the car could not be stopped and when it finally stopped with a jerk that brought the passengers to their feet the stones placed across the tracks were less than fifteen feet ahead.

With the help of Conductor Simone who was in charge of the car Motorman Leslie was able to roll the stones off the tracks and the trolley rolled into this city where the report of the attempted wreck was telephoned to the main office of the Shore Line at Norwich.

The stones had been placed across the tracks in such a manner that they were striking the middle of the car. The largest stone had been placed in the middle of the track and two smaller ones had been laid over the rails on either side. The persons who had put the stones on the tracks could not have chosen a more strategic place, as the trolley always make up time along this stretch. One thing they had misjudged, however, was the time it would take to get to the spot it was still daylight and the stones were visible a distance far enough away to stop the car.

The stones were placed there later in the evening there would no doubt be several people in the hospital and more serious results might have occurred.

JOSEPH A. AMBLER SHARES IN PATENT Following is a list of patents issued by the United States patent office to citizens of Connecticut as contained in the Official Gazette, dated Tuesday, September 23:

Joseph A. Ambler, Norwich, and H. A. Lathrop, Saybrook, Conn., for a method of manufacturing cymene sulfonic acid. John A. Cox, Bridgeport, spring controlled stay mat for automobiles. Frank E. Howard, Hartford, door and window rollers (2 patents). Frank B. Lawrence, Waterford, drawer roller. Judson C. Logan, Meriden, roller bearing. George E. Whitney, Bridgeport, press (5 patents).

DELEGATES TO NATIONAL PRISON CONVENTION As delegates from Connecticut, Governor Marcus H. Holcomb named the following men to attend the national prison convention to be held in New York on October 20 to 24:

Colonel C. Osborne, New Haven; Willie O. Burr, Charles Hopkins Clark and Frank B. Summer, Hartford; Edward A. Fuller, Suffield; Robert W. Post, Westport; Claude W. Rogers and George H. Starr, Wethersfield; Maurice W. Seymour, Bridgeport; John Elton, Waterbury; Kent Hubbard, Middletown; Fredrick W. Alder, New Haven; George C. Eversing, Chester; Professor W. B. Bailey, New Haven; William C. Keeney, South Norwalk; Arthur Reed Kimball, Waterbury.

BUYS MAIN STREET BUSINESS PROPERTY John R. Tarrant and other heirs of the late Nicholas Tarrant have just sold the property 1705 Main street to Rubin Alexander. The deeds were recorded at the town clerk's office on Monday.

The property is a three story brick building on lot with 40.1 feet street frontage and a depth of over 35 feet. The building contains two stores on the ground floor, a bar and the N. Tarrant & Co. real estate office on the second floor, and a small hall on the third floor.

OBSERVE THEIR FIFTH WEDDING ANNIVERSARY Mr. and Mrs. Martin J. Waldron of No. 15 Russell Road observed the fifth anniversary of their marriage Monday evening at their home. There were a large number of guests and the evening was spent in music, games and dancing. There were songs by Joseph Romanski and Wilfred Carter and there were violins and piano by Mr. Carter accompanied by Mr. Waldron. A buffet lunch was served. Mr. and Mrs. Waldron received a number of pretty and useful gifts.

CELEBRATED TWENTIETH WEDDING ANNIVERSARY A very pleasant celebration of their twentieth wedding anniversary was held Sunday evening at the home of Mr. and Mrs. Clarence O. Bennett on Rogers avenue. The house was prettily decorated with autumn leaves and cut flowers. A beautiful chicken pie supper was served, covers being laid for nineteen, with centerpiece a beautiful wedding cake. Mr. and Mrs. Bennett were the recipients of many gifts.

TROLLEY MEN CIRCULATE PETITION

For some time the striking trolley men of the Shore Line Electric Railway in this city have been circulating among the business men a petition asking that President Robert W. Perkins of the trolley road meet again with a committee of the men in further discussion of the strike situation. Up to Monday night the petition had not yet been presented to Mr. Perkins.

Many of the business men have signed but some have not, and as explained by one of the trolley men, the refusal of some to sign that was a moving cause in the proposition before the Central Labor Union to carry out a sympathetic strike. It was figured to put this pressure upon the non-signers for the refusal to add the weight of their signatures to the pressure that the petition was meant to exert upon President Perkins.

Sure Way To Regain Robust Bloom of Youth

A smooth, velvety soft skin, with a delicate peach-like bloom, is one of the Creator's most exquisite works. When the first bling of youth is over, this beautiful tint and satin finish are rarely seen. How to preserve them—that's the question. Famous beauty experts abroad and here have found the answer in this direction. It actually gives a new surface to the skin, restoring its marvelous girlish color and softness in a remarkable manner. An ounce of this cream, used twice a day, will convert a faded worn-out, discolored, freckled or pimply complexion into one of radiant loveliness in less than two weeks.

No special skill is necessary in applying EATONIC. It is being smeared on at night like your cream and washed off in the morning.

John J. Sweeney, business agent for the carpenters' union, denied on Monday night the report that the carpenters had voted against the sympathetic strike. He said that they had disposed of the question for the present by not voting on it, but the matter was still under discussion. He would not say whether there was yet possibility that a vote might be taken.

An Edward Broder, secretary of the trolley union, it was reported had voted against a sympathetic strike, also denied that any vote had been taken.

Individual members of the two organizations have been reporting that the proposition had been disposed of by not voting on it.

Plans
